MRS. TAMIKIO ROBERSON NAMED EMPLOYEE OF THE YEAR

Helena, Arkansas (December 9, 2009) – Helena Regional Medical Center (HRMC) has named Mrs. Tamikio Roberson Employee of the Year. Ms. Roberson is a Registered Respiratory Therapist at Helena Regional Medical Center. Ms. Roberson has been employed by HRMC for 7 years. She is a native of Mississippi and completed her high school education in Clarksdale, Mississippi. She attended Concorde Career College in Memphis, Tennessee, where she received a AA in Respiratory Therapy.

“Tamikio is an exemplary employee who brings value to this organization far beyond the things suggested by her title,” said Cathy Fox, director of respiratory department. “Not only does Tamikio administer quality patient care, she’s one of the people you count on in an emergency or crisis. She goes above and beyond, every single day.”

Her motivation and positive attitude is contagious and it shows through her passion to care for others. While not caring for patients, she enjoys reading and spending quiet time with her family. Tamikio is married to Will Roberson, Jr and they have one daughter—Nadia and is expecting a son in March.

Helena Regional Medical Center is proud to announce Mrs. Tamikio Roberson as Employee of the Year.
